<City><State><Zip>

Dear <FName><LName>,

Your school currently enjoys DIRECTV® service free of charge as a participant in our DIRECTV GOES TO SCHOOL program. We hope your school has benefitted from having our educational programming on campus, and would like to provide an important update regarding your DIRECTV receivers.

Our records indicate that one or more of your receivers may need to be upgraded. To check to see if your receiver(s) needs to be replaced you can do one of the following:

1. Tune to channel 325 on each of your DIRECTV receivers. If you see the following message on your screen, *"If you are seeing this message, please note that this receiver will soon be obsolete and is eligible for a free upgrade"* that receiver needs to be replaced.

OR

2. See the list on the enclosed pages to see if any of your receivers match the model numbers on the list.

After you have determined that you have receivers that need to be replaced, please call DIRECTV at 888-388-4249 to confirm and arrange for your free replacement(s).

Lastly, if you haven't already renewed your DIRECTV GOES TO SCHOOL account this year, please do so by visiting [directvgoestoschool.com/renewal](http://directvgoestoschool.com/renewal). Updating your contact information on our website will ensure that we're able to communicate with you regarding hardware changes, programming highlights and most importantly, our new annual renewal process.

Thank you for being a valued member of the DIRECTV family. We look forward to continuing to deliver the best television entertainment to your school.

Sincerely,

DIRECTV GOES TO SCHOOL
